Descriptions

Description	1/2-1" BRONZE GROUND CLAMP, # 2
Features	NSI grounding and bonding products rise to the occasion in a wide variety of indoor environments with excellent material quality and flexible designs. These cast bronze ground clamps offer a convenient and reliable solution for connecting bare copper conductors to water pipes or acting as a water meter shunt. Grips onto pipes tightly by using the zinc-plated steel screws to tighten the clamp, then insert the ground wiring into the top hole and tighten down the set screw. Additionally, NSI grounding clamps
Long Description	The NSI Bronze Ground Clamp for Water Pipe grips on water pipes between 1/2" to 1" in diameter for quick and easy assembly. The zinc-plated steel screws and cast bronze clamp body are made of economical, high-quality metals that provide durable performance in a range of applications. Use this clamp to easily bond bare copper wire to a water pipe or for use as a water meter shunt. cULus Listed 467 for Grounding and Bonding. Stock products you can rely onâ€”stock NSI.
