Description	LINERLESS RUBBER SPLICING TAPE,1-1/2" X 30',BLACK
extra long description	3M 7000006086 Scotch® Linerless Rub
Features	Scotch® Tape 130C is a highly conformable tape that provides electrical and mechanical protection with the combination of an aggressive rubber resin adhesive and a self fusing, ethylene propylene backing. The tape provides primary insulation for solid dielectric insulated cables rated through 69 kV. This tape is designed for low and high voltage, bus bar insulation, end sealing of cables and jacket repair applications. It has outstandin mechanical and electrical properties that offer moisture seal and v
Long Description	Scotch® Tape 130C is a linerless 30 mil thick, premium grade, rubber splicing tape used for splicing and terminating cables and wires. It withstands temperatures up to 194 °F (90 °C) with emergency overload up to 266 °F (130 °C). The tape has excellent electrical and mechanical properties to provide moisture seal protection.
Product Type	Scotch® Linerless Rubber Splicing Tape 130C
Special Features	provides excellent thermal dissipation of splice heat
nufacturer Information Brand	Scotch
