

Metalux AP Series

DESCRIPTION

The SLSTP is a low profile, high quality luminaire offering the latest solid state lighting and electronic driver technology that optimizes performance and energy efficiency. With the SLSTP's low profile design, this series is an ideal solution for restricted spaces and meets traditional requirements for single or continuous row applications.

The SLSTP is an excellent solution for commercial, industrial, retail or residential applications. Ideal for new construction or simple fluorescent retrofit replacement.

SPECIFICATION FEATURES

Construction

Fixture channel, cover and end plates are formed from cold rolled steel and offers all of the features needed for installation including multiple KO, a round J-box cover, wiring connectors and decorative end caps. The SLSTP is post painted for ease of handling. Decorative end caps snap-on for an improved aesthetic finish. The SLSTP is suitable for either single or continuous row applications.

Controls

Combine with energy saving products like occupancy sensors, daylighting controls, and lighting relay panels to maximize energy savings. Standard 0-10V continuous dimming driver works with any standard 0-10V control/dimmer. Dimming range is 10% to 100% and varies by control device. 120V drivers work with standard 120V phase cut dimmers.

See dimming compatibility chart posted on website. Optional simple occupancy sensors enable code compliance all in a simple package.

Electrical

Long-Life LED system with an energy-efficient electronic driver comes in UNV (120-277V) or 120V versions. Both drivers offer smooth dimming with a number of residential and commercial dimmers. LED's CCT are 3500K and 4000K with a CRI ≥ 80. Projected life is 50,000 hours at 70% lumen output.

Finish

Post painted with high reflective paint – standard.

Shielding

SLSTP offers a frost lens with decorative end caps for single and end of the row applications.

Installation

Fixture may be surface, suspended, or wall mounted. Multiple 7/8" K.O. on back and one on each end. See accessories below for ordering information.

Compliance

cULus listed for damp location rated. LED's comply with IESNA LM-79 and LM-80 standards. Under 4", ADA Compliant. DesignLights Consortium® Qualified and classified for DLC Standard, refer to www.designlights.org for details. RoHS compliant. Suitable for use in clothes closets when installed in accordance with the NEC 410.16 spacing requirements.

Warranty

Five-year warranty.
