extra long description	IDEAL 30-1042J SPLICELINE 42 ORANGE
Features	A faster alternative to the butt splice. The SpliceLine In-Line Wir Connector is a revolutionary in-line wire connector that utilizes patented push-in technology in a unique design to provide a crimp-free, solderless butt splice faster and easier. The 2-port model supports a wide range of either stranded or solid wires, allowing one connector to cover the same range as three traditional butt splices and installs two times faster than a traditional butt splice. The end-to-end connection of SpliceLine a gr
