Description	PUNCHMASTER II IMPACT PUNCHDOWN TOOL
extra long description	IDEAL 35-485 TURNLOCK PD TOOL W 110
Features Long Description	The Punchmaster II Punchdown tool is a professional grade tool used for terminating voice and data conductors to related networking and telecommunications equipment. The 35-485 includes both 110 (networking/data) and 66 (telecommunications/voice) blades. Other blade types are available separately. The tool features an impact style design where a spring loaded internal mechanism helps to deliver a surge of additional force to seat and cut conductors with less input from the user. Users can select either the Punchmaster II Punch Down Tool, Number of Blades: 2, Included
	II Turn Lock 110 Blade
Product Type	Turnlock PD Tool W 110&66blade
Special Features	Punchmaster II and non-impact tool has turn-lock style blade holding design
