When you're ready to pull wire, wheel the E-Z ROLL into position and dispense wire directly from your pipe bender or 1" EMT.

- Rigid Steel Construction
- Light-weight Design
- Durable 'Caution Yellow' Finish
- Compact (fits in any job box)
- 150 lb. Load Tested
- Holds Reels up to 18"

Part #55455

Most wheeled wire dispensers are too big for your truck and they only hold little wire spools. The E-Z Roll knocks down in seconds and handles reels up to 18 inches. Use a conduit bender or scrap of 1" EMT for an axle/handle. The E-Z Roll is big enough to handle 1000' rolls of NMSC. Simple, effective.
