Connectors with the Widest Cable Ranges

for Flex • AC • MC • HCF Cable

More on reverse

Arlington's ***SNAP^{2}IT®*** *connectors are designed for safe and fast installations of flex, MC, AC, and HCF cable – and cover the widest cable ranges in the industry.*

They save time too – about 17 seconds per fitting. Just snap the fitting onto the cable, then into the electrical box. No tools are required for the installation.

For easier insertion of larger cables or for overlapping cable ranges, use the larger 40AST or 50AST fittings.

- *Easy to remove with a screwdriver – Just lift the ring and twist off*
- *Competitively priced*
- *UL/CSA Listed*
