7622T95 Cold Shrink QIII Term Kit 7622-T-95, 5-8.7KV *Minnesota Mining (3M)*

| | |
|------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Catalog Number | 7622T95 |
| Manufacturer | Minnesota Mining (3M) |
| Description | 3M™ Cold Shrink QT-IIi Silicone Rubber Termination Kit 7620-T and 7690-T Series Contains One-Piece, Non-Skirted, Silicone Rubber Terminations, Meets IEEE Standard 48 Class 1 For Indoor and Weather-Protected Applications. The Kits Are Designed For Terminating Solid Dielectric Shielded Power Cable Rated 5–35 KV, With Tape Shield, Wire Shield and Unishield® Constructions. |
| Weight per unit | 2.7 (lbs/each) |
| Product Category | Splicing & Terminating Kits |

Descriptions

|------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Description | COLD SHRINK QTIll TERM KIT 7622-T-95, 5-8.7KV |
| extra long description | 3M 7000133172 3M™ Cold Shrink QT-II |
| Features | Each kit contains sufficient quantities of material to make three single-phase terminations. The termination assemblies consist of a tubular insulator, high dielectric constant (Hi-K) stress control tube, conformable Hi-K stress controlling compound, and built-in environmental top seal. The insulator is made of a dark gray silicone rubber with advanced tracking resistant and hydrophobic properties. Note:Lugs need to be ordered separately. Exceptions:For T-150 Kits, 150 kV impulse level meets the impulse r |
| Long Description | 3M™ Cold Shrink QT-III Silicone Rubber Termination Kit 7620-T and 7690-T Series contains one-piece, non-skirted, silicone rubber terminations, meets IEEE Standard 48 Class 1 for indoor and weather-protected applications. The kits are designed for terminating solid dielectric shielded power cable rated 5–35 kV, with tape shield, wire shield and UniShield® constructions. |
| Product Type | 3M™ Cold Shrink QT-IIi Termination Kit 7620-T & 7690-T Serie |
