### Descriptions

Construction	Raintight
Description	3/4" RIG-RIG ELBOW
extra long description	MIDWEST 821 3/4 RGD TO RGD GSKT PUL
Features	Crouse-Hinds series pull elbows are installed in conduit systems to make 90° bends in rigid or IMC conduit systems where space is limited, or to connect rigid or IMC conduit to a box or enclosure. Pull elbows also act as outlets, with removable covers that provide access to conductors for maintenance and future system changes. Condulet tees are installed in concealed conduit runs, allowing a single conduit stub-up to outlet boxes located above or below the main conduit run, eliminating separate feed and
