#### **Dimensions and Weight**

Height	12.19
المسمطام	3.56
	1.46

1/2" TO 2" DODY CVD a CCVT

#### **Descriptions**

1-1/2" TO 2" BODY CVR&GSKT
CRS-H BG68 1 1/2 OR 2 IRON MOGUL CV
Crouse-Hinds series mogul bodies are installed in conduit systems to act as pull outlets for conductors that are stiff due to large size or type of insulation. Mogul bodies provide longer openings needed when pulling large conductors and prevent sharp bends and kinks during installation. Mogul conduit bodies are manufactured in trade sizes 1/2" to 6" and are available in Feraloy iron alloy and copper-free aluminum. Our iron alloy bodies are available with a hot dip galvanized finish for added corrosion
Eaton Crouse-Hinds series Condulet B mogul blank cover, Feraloy iron alloy, Round neoprene gasket, 1-1/2" or 2"

#### Manufacturer Information

Product Type Special Features
