BR PON LOADCNTR 200A CONVERTIBLE 40 SPACE N3R
ETN BRP40N200R BR PON LC,200A, CONV
Specially designed for easy installation, Eaton's BR 1-inch load
centers house the branch circuit breakers and the wiring require
to distribute power to individual circuits. They serve as main
breaker for service entrances or as main lug when adding circuits
to existing service. The main breaker protects the entire panel
and can be used as a service disconnect. The branch breakers
protect the wires leading to individual electrical loads such as
fixtures and outlets.
