| Description                        | CHB BOLT-IN SFTYBRKR AIC   |
| extra long description             | ETN CHB220 CHB BOLT-IN SFTYBRKR AIC  |
| Features                           | Eaton's residential CH circuit breakers provide premium overload protection. The Type CH circuit breakers trip to the OFF position, eliminating nuisance callbacks. The CHF family also includes a trip flag to differentiate between a trip and the breaker being turned off. The thermal-magnetic trip curve avoids nuisance tripping on mild overloads while reacting almost instantaneously to severe short-circuit conditions. Multiple breakers have an internal common trip connection to operate all poles simultaneous  |
