

Countertop Box Kits

with Stainless Steel Trapdoor Covers

FLBT4400USS

FLBT4400GSS

FLBT4400USS

w/ UL Listed 20A decorator-style TR receptacle and (2) USB ports

FLBT4400GSS

w/ UL Listed 20A decorator-style **Weather Resistant** GFCI receptacle

FLBT4400SS

w/ UL Listed 20A decorator-style TR receptacle

Cover Closed

Arlington's **Countertop BOX KITS** give you *lots of options* for installing a device in a countertop.

Get your kit with an installed UL Listed tamper and weather resistant (TWR) decorator-style GFCI ... Or tamper resistant (TR) receptacle... OR a combo with (TR) receptacle and two USB ports!

The gasketed, stainless steel TRAPDOOR COVERS look great! They close flush with the countertop, providing 'ingress protection' and preventing damage to the devices in the box.

Easy, secure installation

The spring clip holds box securely against the surface when the screws are tightened.

- Fits granite or other countertop material up to 1-1/2" thick
- Easy 'No Glue' installation
- Ingress Protection
