FLBT4400GSS

w/ UL Listed 20A decorator-style **Weather Resistant** GFCI receptacle

FLBT4400SS

w/ UL Listed 20A decorator-style TR receptacle

Cover Closed

Arlington's **Countertop BOX KITS** give you *lots of options* for installing a device in a countertop.

**Get your kit with an installed UL Listed tamper and weather resistant (TWR) decorator-style GFCI ... Or tamper resistant (TR) receptacle... OR a combo with (TR) receptacle and two USB ports!**

The gasketed, stainless steel TRAPDOOR COVERS look great! They close flush with the countertop, providing 'ingress protection' and preventing damage to the devices in the box.

### Easy, secure installation

The spring clip holds box securely against the surface when the screws are tightened.

- Fits granite or other countertop material up to 1-1/2" thick
- Easy 'No Glue' installation
- Ingress Protection
