extra long description					
Features	In February 1968, Hubbell patented the first isolated ground				
	receptacle. Today - when a clean, noise-free ground is more				
	important than ever—Hubbell is still setting the standard.				
	Hubbell uses insulation barrier construction on many models to				
	isolate the ground contacts from the mounting strap. The green				
	grounding screw is connected directly to the grounding contacts.				
	In this way, ground contacts are separated from the mounting				
	strap and also from the conventional grounding system. The
