# OUR MISSION

Anglo American Tools was founded in 1973 by Derrick and Sheila Tuck, who emigrated from England with the vision of offering high quality European hand tools to professional contractors in the United States. Over the years, Anglo American Tools has earned a reputation among both European manufacturers and American distributors for offering a comprehensive variety of top quality professional hand tools and providing only the best service to both clients and customers.

Derrick's dream was to put the finest European hand tools into the hands of American professional tradesman. This is still our mission today.

---

*For decades professional hand tool manufacturers from around the world have selected Anglo American Tools as their primary distributor and sales agent in the United States.*

---

Anglo American offers the highest level of service to its clients by delivering engaging product information to the public, offering innovative problem solving tools and providing exceptional customer service.

Our approach is based on education: we educate ourselves on the realities of the market and provide our customers with the specifics on the hand tools that we believe would best suit their needs. Our motivation and passion for excellence, combined with our extensive product knowledge and exceptional customer service are the keys to our success. We constantly strive to provide distributors and end users with the most competitive pricing on an array of superior quality European hand tools.

**BOA** first introduced the Constrictor strap wrench in 1994 and since then have sold over 15 million units worldwide making it a phenomenally successful invention. Manufacturing facilities are located in the UK with warehouse distribution in Germany and USA.

**OSCA** is a premier manufacturer of hammers and chisels located in Italy. For over 40 years OSCA has been delivering a wide range of professional hand tools using quality steel, hand selected wood and advanced manufacturing technologies.

**GRIP-ON's** innovative and unique locking tools include pliers for general use and the automotive industry as well as high-quality clamps for welding applications. The pliers and clamps are finished have a epoxy resin coating that is ten times more resistant to corrosion than traditional nickel-plated.

Located in Viernau, Germany, **RENNSTEIG** is a manufacturer of high quality screw extractors, cold chisels, punches, as well as cutting, crimping and stripping tools.

Founded in 1868, **HAZET** is recognized as one of the "Top 100 Most Innovative Medium-Sized Companies in Germany", and is a leader in the manufacturing of tools geared toward the automotive market. Torque wrenches, tools trolleys and a multitude of other automotive tools have been successfully marketed in the US for several years now.

**SCHRODER's** high quality, ergonomic tool line includes screwdrivers, screwdriver bits, ratcheting tap wrenches, screw extractors, hand tool sets and many more. Modern technology and passionate employees allow the steady addition of superior quality, professional hand tools that are exported to many countries around the world.

Founded in 1945, **IREGA** exclusively produces adjustable wrenches and exports 90% of its total production from Spain to over 60 countries, positioning itself as the European leader of the adjustable wrenches.

For over a century **THOR** has specialized in the manufacturing of top quality, non-destructive hammers and mallets in the tradition of excellence. Today, they export nearly 50% of its production to more than 80 countries worldwide, continuing its dedication to the production of soft-faced hammers and mallets.

**KNIPEX** was founded in 1882 by C. Gustav Putsch as a forge in Wuppertal, Germany, originally focused on manufacturing on pincers and blacksmith's tongs, which were handmade before being produced in larger quantities using a drop forge hammer. Carl Putsch, the second generation president, registered the KNIPEX brand name, and has since grown the product line into the vast line of high quality, ergonomic pliers that are enjoyed and utilized across the world today. There are currently over 100 different styles of pliers, estimating over 1,500 different SKU's. These tools include cutting pliers, combination pliers, water pump pliers, specialty pliers, 1000 volt insulated pliers and many more.

Founded in 1856, **TOME FETEIRA** has grown into a modern and diversified manufacturer, with an established reputation worldwide for producing high quality professional files and rasps.

Operating as a sister company of KUKKO, **TURNUS** produces alphanumeric letter and number stamping tools, which come in multiple sizes and include the digits 0-9, both upper and lower case letters, the Greek alphabet and variety of specialty symbols. Something truly unique in today's hand tool marketplace. Other items are high quality, ergonomic cast iron L-Clamps such as screw clamps, adjustable and lever clamps for craftsmen, do-it-yourselfers and other field applications.

**KUKKO** utilizes multiple unique designs in their puller line, which distinguishes them from competitors in the industry. The patented "Armlock" system of the puller arms ensures that the product is stronger and safer than any other model on the market today. In addition, KUKKO offers pullers with "Quick Adjust" technology for rapid adjustment of the puller arms without ever having to use a wrench.

Located in Epernay, France, **VIRAX** designs and manufactures high performance, ergonomic tools for roofing, HVAC and plumbing for over 75 countries worldwide. Committed to ensuring the total, continuous satisfaction of it's end users by calling upon decades of experience of offering high quality products and solutions to it's users and partners.

**NES THREAD REPAIR** specializes in repairing both external and internal damaged threads, replacing hundreds of taps and dies. No need for calibration, and repairs standard or metric threads. The outstanding innovation of these hand tools was recognized and received an 'Editors Choice Award' from "Popular Mechanics" in 2010. The award was given for "outstanding achievement in new product design and innovation".

Through its continuous innovations and unique approach to both the design and development of the screwdriver, especially the handle, **WITTE** has become recognized and appreciated as a leader in manufacturing screwdrivers and bits worldwide. The triangular shaped, multi-component handles offer many advantages over screwdrivers with traditional square-shaped cellulose acetate handles, as their ergonomic designs combine comfort and power seamlessly.

# TERMS AND CONDITIONS

## POLICY

All products contained within this price list, which are sold by Anglo American Enterprises Corporation dba Anglo American Tools, are distributed through traditional distributor, dealers, online outlets and leading hand tool resellers.

## PRICES

The prices as shown in our price list in the "LIST" column are based upon suggested retail/list prices. While we do everything possible to honor these published prices, we reserve the right to dispatch at prices ruling at date of shipment, particularly when we incur unexpected manufacturer's increases or when international exchange rates change dramatically.

## DELIVERY

F.O.B. our Somerdale, NJ warehouse. Full freight allowance is given on net orders of \$500.00. Net orders over \$500.00 for outside the contiguous U.S.A. will be billed at the difference between 2nd Day Air rates and ground rates to nearest port on the continent.

## MINIMUM ORDER

Our minimum order value is \$50.00. Any orders under that value will be billed at the minimum \$50 value.

## STANDARD PACK

All orders received for non-standard quantities of files (6 or 12) or hacksaw blades (10) will be adjusted to shelf pack qty.

## SPECIAL ORDERS

We represent many leading factories and would welcome the opportunity to quote special orders. An order for non-standard items may not be canceled once it has been accepted.

## TERMS

2% / 10, net 30: If payment is made within 10 days, 2% may be deducted from the net invoiced value of goods excluding any freight charges. Net is due within 30 days. No unearned discounts will be allowed. Finance charges will be applied to overdue accounts.

## RETURN OF GOODS

Products returned without our permission will be refused. Authorization will be given for the return of any goods reported as being defective under our warranty conditions, damaged in transit or subject to a shipping error. If the claim is accepted, we will replace or credit as required.

A 10% restocking charge will be applied to any goods returned:

- Without an accompanying order of equal value
- Not in the original packaging

No credit adjustment will be made for merchandise:

- Not in salable condition
- Bearing price stickers or similar labels
- Supplied more than two years ago

Call our Customer Service Department for a R.G.A. # which should be clearly marked on the shipping cartons and documents.

## TRANSIT LOSSES

Any claims for shortages or damages will only be processed in accordance with instructions outlined on the packing list and if advised within 5 days of receipt of merchandise.

## RESPONSIBILITY

We are responsible for the value of the defective product or material sent in error.

## QTY DISCOUNTS

Details upon request from our sales representatives or corporate office.

## UPC INFORMATION

UPC numbers can be supplied to our customers for the products which we stock. Please contact us for the UPC number for any of our products.

## SAFETY TIPS AND WARNINGS

### ALWAYS

- Wear safety glasses when cutting, striking, etc.
- Discard damaged or worn tools
- Use only specially designed tools near heat and flame
- Inspect all tools, including Safety Insulated tools, and replace when worn or damaged

### NEVER

- Use any tool for any function beyond its designed purpose
- Start a project on electrical equipment before ensuring the circuit is switched off
- Utilize tools of incorrect size or fit or beyond their capacity
- Use handle extensions or "cheater bars" on a tool to increase its leverage

## WARRANTY

All Anglo American Tools' products are manufactured in sophisticated, highly specialized factories with the finest materials available, to the highest possible quality standards and are warranted to be free from defects in materials and workmanship. At its' option, Anglo American Tools will replace, repair or refund the purchase price of any product which fails to comply with this **warranty subject to normal use and lack of abuse.**

Under no circumstances shall Anglo American Tools be liable for incidental or consequential damages.

## WARRANTY IMPLEMENTATION

Tools returned broken (in two or more pieces) which are devoid of any signs of abuse or mistreatment will normally be replaced at factory expense. Any other tools subject to warranty claim are likely to be excessively worn or abused and no refund or replacement commitment will be authorized prior to factory inspection and approval.

## WARRANTY EXCLUSIONS

Items returned in the following conditions are subject to warranty exclusion:

- Deformed shape from load abuse or alteration
- Tools showing signs of "hammering" damage
- Excessive wear and tear beyond reasonable service life
- Damage from heat or welding
- Damage from cutting edges on hardened materials
- Damage from arcing with hot wires
- Worn PVC grips and handles
- Abuse caused from incorrect use or application
