

Blank Plates -- Box Mounted, One Gang, 302 Stainless Steel

SS13

Smooth Metal Wall Plate, single gang blank box mounted and made of 302 Stainless Steel, is recommended for use in food processing plants, dairies, chemical plants, and other industrial, institutional, and commercial applications where corrosive atmospheres exist. It is constructed of corrosion-resistant stainless steel, brass, aluminum, chrome, brushed bronze, or galvanized steel. Standard, Jumbo, and Tandem plates available, as well as special Panel plates up to 5-gangs high and 10-gangs wide.

features & benefits

- Type 302 Stainless Steel, non-magnetic: .032" nominal thickness. Brushed finish.
- This alloy contains 18% chromium and 8% nickel for superior resistance to corrosion.
- Packaged in protective film, with finish-matching screws. Variety of special plated finishes. Paintable to match plastic plates.
- Can be silk-screened or engraved, and custom punched with over 300 opening styles.
