DESCRIPTION

The SN Series is a functional and multi-purpose narrow strip family that incorporates premium performance and construction durability. The performance and application versatility of this series can be increased by incorporating symmetrical or asymmetrical reflectors. The SN Series can be installed using various mounting methods and numerous options and accessories are available. The SN Series can be the illumination solution in commercial, industrial, institutional and retail applications. An excellent choice for storage/utility areas, coves, display cases, shops, task and general area lighting.

- Equipped with energy saving ballast/complies with federal energy efficiency standards
- Die formed channel
- End plate converts to channel aligner for continuous row mounting
- Pressure lock lampholders
- Baked enamel finish
- Easy wireway access/wireway cover removed without tools
- Numerous KOs for easy installation
- Also available in tandem 6' and 8' lengths
- UL/CUL Listed. Suitable for damp locations.

NOTES: ⁽¹⁾Products also available in non-US voltages and frequencies for international markets. ⁽²⁾Not available when specifying emergencies, voltage must be specific. ⁽³⁾2 lamps T8 only. ⁽⁴⁾Not available for 2' versions.

For complete product data, reference the Fluorescent Specification binder. Specifications & dimensions subject to change without notice. Consult your Cooper Lighting Representative for availability and ordering information.
